Announcement of Short Course on 'Supply Chain Management', 08-09 & 15-16, September 2023 Organized by Directorate of Continuing Education (DCE), BUET.

Dear Sir/Madam

We have the pleasure to inform you that a 4 days short course on 'Supply Chain Management' is going to be organized by the Directorate of Continuing Education (DCE), on **08-09 & 15-16**, **September 2023** (Friday & Saturday)

This course has been developed with a combined effort from supply chain management (SCM) professionals and academicians. The main aim of this course is to share knowledge of end-to-end supply chains considering contemporary challenges in this arena.

This course is specially designed for professionals who are working in supply chain management (SCM), who want to embark a career in SCM, as well as final year undergraduate and master students at different universities. Professional requirements range from government jobs to private jobs. Entrepreneurs are especially encouraged to join this short course considering the challenges and opportunities of evolving supply chains at the present time.

Highly qualified, professionally trained, reputed, and experienced resource persons in the related areas, having ample theoretical and practical knowledge with current information have been invited to conduct this short course.

The registration fee for this short course is **TK. 20000/- (Taka twenty thousand only)** as per person to be paid in advance, through Pay-Order or Demand draft, in favor of "**Director, BRTC, BUET**". Course registration fee may also be electronically deposited at Savings Account No. 4404034173888, Account Name: **Director, Directorate of Continuing Education (DCE), Sonali Bank Ltd., BUET Branch, and Dhaka.** Course Fee includes all cost of printed course materials, exams & certificate etc. and excludes VAT & TAX.

Seats are limited and the application /nomination would be selected as First Come First Serve basis, Registration Deadline is 30th August, 2023.

For further information, please contact to DCE office, BUET, Cell: **01303183113**, , Tel: **58610738**, PABX. 55167100 Ext. 7848, E-mail: info@dce.buet.ac.bd, dirdce@dce.buet.ac.bd. You may also visit our official website: https://dce.buet.ac.bd,

We would appreciate if you could kindly participate and/or nominate concerned official (s) from your esteemed organization in this short course.

Thank you

Prof. Dr. Mohammad Nasim Hasan

SHORT COURSE OUTCOMES

At the end of the short course, participants will be able

- Understand supply chain management
- Prepare demand planning & forecasting
- Manage inventory & warehouse
- Design production planning & material requirement
- Procure, source, and supply management
- Organize distribution planning
- Measure supply chain performance
- Manage sustainability & resilience in supply chains
- Recognize the challenges of supply chains

RESOURCE PERSON

Experts from the Department of Industrial and Production Engineering (IPE), BUET, Dhaka will conduct the main contents of the short course. In addition, supply chain managers and supply chain heads from several national and multinational companies will also demonstrate and share their experience in the program.

Short Course on **Supply Chain Management**

08-09 & 15-16 September 2023 **BUET, Dhaka**

Organized by

Directorate of Continuing Education (DCE) Bangladesh University of Engineering and Technology Dhaka-1000

For registration in this course, please scan below

Nowadays companies don't compete rather supply chain competes. Bangladesh has become one of the most important global suppliers of the world. Its export earnings for the year 2021-2022 are over 52 billion USD. In the ready-made garment (RMG) sector, Bangladesh is the second largest exporter in the world after China. This is indeed a big achievement for a country like Bangladesh. In the year 2021-22, the GDP growth of the country reached 7.25% despite the daring global COVID-19 pandemic (Source: BBS).

However, to sustain such a growth rate in future, Bangladesh needs to compete with other emerging countries like Vietnam, Myanmar, and Philippines etc. A knowledge base on the supply chain can prove really handy under such global competition. This short course on supply chain management organized by the Directorate of Continuing Education (DCE), BUET is designed to provide the participants with comprehensive knowledge on supply chain management in the context of Bangladesh.

WHO SHOULD ATTEND?

This short course is designed for anyone who has an interest in supply chain and needs to understand the fundamentals of supply chain management. The following participants will get the most benefit from attending this short course:

- Entrepreneurs
- CEOs of small, medium, and large Organizations
- Supply chain executives
- Supply chain managers
- Operational managers
- Procurement professionals
- Logistics managers
- Distribution managers
- **Production managers**
- Project personnel
- Fresh graduates looking for supply chain jobs

PROGRAM OVERVIEW

Contents of the workshop are:

- Fundamentals of supply chain management
- Strategic Sourcing
- Involving Supplier in NPD
- Transportation and Packaging
- Handling ports-land/air/sea and Export/Import
- Sales and operations planning (S&OP)
- Distribution Network
- Supply planning
- Inventory and warehouse management
- Digital Transformation across the supply chain
- Supply chain finance and KPIs
- Demand planning and Industry 4 & Sustainable Supply chain

VENUE

Dr. Ferdous Sarwar is a highly accomplished scholar in the field of industrial and production engineering. He completed his B.Sc. (summa cum laude) and M.Sc. in Industrial & Production Engineering from the Bangladesh University of Engineering and Technology (BUET) and his Ph.D. in Industrial & Manufacturing Engineering from North Dakota State University (NDSU), USA.

Dr. Sarwar currently holds the position of Professor and Head of Industrial and Production Engineering at BUET, where he teaches and conducts research in the areas of optimization and supply chain

management. His research focuses on developing mathematical models and algorithms to optimize complex systems and improve operational efficiency in various industries.

Dr. Sarwar is a distinguished member of several professional organizations, including the International Microelectronics and Packaging Society (IMAPS), the Surface Mount Technology Association (SMTA), and the Institute of Industrial Engineers (IIE). He has also published numerous research papers in top-tier journals and conferences in his field and has received several awards for his outstanding contributions to the field of industrial engineering.

Dr. Shuva Ghosh is an Associate Professor in the Department of Industrial & Production Engineering (IPE), at Bangladesh University of Engineering & Technology (BUET). He joined as a lecturer in the IPE department in 2006. He completed his Bachelor of Science and Master of Science degrees from the same department in 2006 and 2009 respectively.

He earned Doctor of Philosophy from the Department of Engineering Management at Missouri University of Science and Technology, Rolla, Missouri, USA in 2013. His PhD thesis was on emergency resource scheduling considering the domino effect. His research interests include

supply chain management, operations research, operations management, project management, advanced quality management, engineering economy, etc. He has authored journal papers on emergency resource scheduling, the development of forecasting models based on artificial neural networks, the development of inventory models, etc. He has given lectures in training programs and workshops on supply chain management, quality management, productivity management, project management, etc. arranged by DCE and Dept. of IPE, BUET. He has also worked as a consultant in many consultancies works conducted by the Dept. of IPE, BUET.

Mr. Md Kamrul Islam is currently CEO of Rahimafrooz Storage Power Business, country's leading automotive battery manufacturer. He has a diversified experience of 30 years in various locals and MNCs, out of which he performed leadership roles for last 20 years.

He also worked in prestigious companies like Amann Bangladesh, Coats Bangladesh, Reckitt Benckiser Bangladesh, Bata Shoe Company, Padma textile Mills Ltd., and Haque Group of Industries Limited etc. He attained his BSc in Mechanical Engineering from Bangladesh University of Engineering and Technology (BUET). He achieved other professional degrees like CSCM (ISCEA-USA), CPLM (ISCEA-USA) etc.

His area of expertise is Supply Chain Management, Lean Manufacturing, Project Management, Organization Re-structuring, 6 Sigma, Kaizen, P&L Accountability etc.

Mr. Mohammed Zia Uddin is current Head of Supply, Reckitt Benckiser Bangladesh & Srilanka Cluster, the leading global consumer hygiene, health and nutrition company. Previously He was in Lafarge Holcim Bangladesh Ltd as DGM Procurement operations, Factory Manager AKCIL & Unilever Bangladesh as process manager. He has diversified experience in all the major areas of supply chain for more than 19 years.

Apart from corporate career, Zia also working as a Guest Faculty for IBA-DU, EDU, UIU & Guest Speaker for IMT Hyderabad India, IBA-JU, BUET, Dhaka University, EWU, BSMRMU. He also been a key resource

person to share supply chain knowledge in institutions like Mind Mapper, ASCPB, Ward, ABP, CILT BD advance diploma programs etc. He is Jury for different supply chain case competition in Bangladesh. He received special mention award from in 2020 arranged by IPDC, ISCEA & BSMS. He obtained his BSc in ChE from Bangladesh University of Engineering and Technology (BUET). After finishing his graduation, he started his professional career. In parallel, he persuaded his MBA (Executive) from IBA, University of Dhaka & did CSCM. He is a Fellow at the Chartered Institute of Logistics and Transport (CILT), International - the highest professional body for Logistics and Transport professionals in the UK & CSCM. His area of expertise is Demand Planning, Supply Planning, Manufacturing, Logistics, Project management Procurement, Commercial and Warehouse Management.

Mr. Habibur Rahman, is currently working as "Director, Production & Supply" at Syngenta Bangladesh Limited who is an experienced Supply Chain Professional worked in different multinational and national FMCG, retail Chain and building materials manufacturing industry in Bangladesh with capability of leading big team and successful implementation of big projects & proven records in delivering cost effectiveness in operations with innovative thoughts & techniques and process optimization.

Currently he is working in Syngenta Bangladesh who has a rich history of over 50 years of operations in Bangladesh, a part of Syngenta AG, a

global agrochemical company based in Basel, Switzerland.

Mr. Habibur Rahman is having more than 20+ years of experience in supply chain & production management, logistic, warehousing, distribution function with different multinationals organization in Bangladesh like **Unilever Bangladesh Ltd, ACI Logistic Ltd, Lafarge Surma, Marico Bangladesh Ltd.**

He has completed his graduation from **BUET** in Mechanical Engineering). Then he completed his **MBA** from **IBA**, **University of Dhaka** and **ISCEA**, USA.

Mr. Mohammad Mamun Chowdhury is currently Head of Supply Chain, Rahimafrooz Storage Power Business, country's leading automotive battery manufacturer. Previously he worked as Sr Manager S&OP at LafargeHolcim Bangladesh Ltd, Supply Chain Leader at Decathlon Bangladesh, and Assistant Manager at Shah Cement Industries Ltd. Mr Mamun is an internationally experienced facilitator with considerable and diversified experience in supply chain function for more than 13 years. He has been a key resource person to share supply chain knowledge in numerous govt. and private institutions like BUET, BUTEX (EDP), Mind Mapper, ASCPB, ABP etc.

He attained his BSc in IPE from Bangladesh University of Engineering and Technology (BUET). After finishing his BSc. he started his professional career. In parallel, he persuaded his MBA from Faculty of Business Studies from University of Dhaka. Later he upgraded himself by attaining another MBA (Executive) from IBA, University of Dhaka. Meanwhile, he earned his supply chain certifications as CSCA and CSCM.

His area of expertise is Demand Planning, Supply Planning, Logistics, Procurement, Commercial and Warehouse Management.

Mr. Tanjil Ahmed a resourceful professional with diversified experience and demonstrated working history in complex Supply Chain Network of a variety of industries including Real estate, construction, Power and EPC projects, manufacturing and pharmaceutical for more than 15 years having working experience as AGM-SCM at Shanta Holdings Ltd, Manager-SCM at Energypac Power Generations Ltd., Supply Chain Manager at Renata Ltd. (Pharma and Animal therapeutic) and Senior Executive at Rahimafrooz Batteries Ltd. He is Extensively skilled in forecast and demand management, capacity planning, production planning and scheduling, operations management, procurement and supply planning, sourcing, local and foreign procurement, negotiation, supplier management, warehouse

management, inventory management, distribution management, supply chain risk management, local and foreign contract management, ERP implementation and application (SAP and Oracle) and so on.

Mr. Ahmed is a distinctive Supply Chain expert with a unique blend of Engineering with Business Management and International Supply Chain management to drive excellence in the comprehensive Supply network, generate SCM Leverage on profit and optimize cost versus value equation in business. He is an ITC/WTO certified trainer of Advanced Supply Chain Management. He achieved the international diploma in Supply Chain Management (SCM®) by ITC/WTO (Switzerland), an extensive curriculum of modular learning system in SCM. Also, he completed his MBA in International Business from University of Dhaka and Bachelor of Science in Industrial and Production Engineering (IPE) from Bangladesh University of Engineering and Technology (BUET).

Mr. Bulbul Ahmed is an ERP Project Manager and Management Consultant. He has comprehensive professional experience on Business Analysis, Process Re-Engineering, Change Management, Automation, Integration and Digital Transformation. He has implemented SAP ERP as well as other enterprise solutions in several organizations including local, multinational and fortune 500 companies. He has completed his BSc in Industrial and Production Engineering (IPE) from Bangladesh University of Engineering and Technology (BUET).

He is a 6-sigma yellow belt certified professional. He has received foreign trainings in Italy, Turkey and Thailand on various business process & technology management. He focuses on his vision which is Bangladesh to be an Industrialized Country through the Digital Transformation of its Manufacturing Industry.

Mr. Mahbub Hossain is the **General Manager of Renata Limited**, one of the leading pharmaceutical companies in Bangladesh with a market capitalization of over 139 million BDT. He is currently heading the supply chain department of the company consists of a young and vibrant team responsible for the overall alignment of the supply chain towards business growth and value generation.

Mr. Mahbub did his MSc. in Logistics from the Nanyang Technological University, Singapore. He also did his MSc. in Project Management & Operational Development from KTH, Royal Institute of Technology. Forecasting, planning, and data-driven decision-making are some of his

key interests and areas of expertise.

Mr. Md. Sanaul Karim is the Head of Ocean Freight at Schenker Logistics Bangladesh Limited. Sanaul has experience in Carrier Management, Ocean Freight, Key Account Management, Cross Border operations, Customs Clearance and Transportation in combination with a strong analytical mindset. Prior to joining Schenker, Sanaul worked at Dachser Bangladesh Ltd, Agility Bangladesh Ltd, Maersk Bangladesh and Maersk Global Shared Service Center (India).

He is a member of the Institute of Chartered Shipbrokers (ICS) and the Chartered Institute of Logistics and Transport (CILT). He likes to be involved with training / coaching. Sanaul obtained B.A. (English Literature) and M.A (English Literature) from National University, Bangladesh.

Mr. Mohammad Sadiquzzaman Khan, CSCP; is the Senior Procurement Manager of Reckitt Benckiser Ltd, one of the global leaders for health, hygiene and nutrition products in world. He is currently managing the end-to-end procurement operation for Reckitt Benckiser Bangladesh market.

Mr. Sadiquzzaman Khan brings more than 13 years of end-to-end Supply Chain Management experience working with different multinationals and local conglomerates in Fast Moving Consumer Goods (FMCG) and retail industry. In this total work tenure, other than Reckitt he worked in Nestle Bangladesh Ltd and Advance Chemical Industries (ACI) where played the critical roles in Manufacturing, Planning and Logistics.

Mr. Sadiquzzaman Khan completed his graduation from Bangladesh University of Engineering & Technology (BUET) in Industrial & Production Engineering. Then he completed his MBA from University of Dhaka in Strategic Management. He also earned the CSCP (Certified Supply Chain Professional) certification from ASCM (Association for Supply Chain Management); which is recognized as one of the topmost professional certifications for end-to-end supply chain field globally.
